## Happy Valentine's Day!

We're trying to continue to operate as close to our pre-pandemic level as possible. But, like the restaurant and food service sector generally, we're still facing unprecedented supply chain challenges. Sometimes we may have to substitute an item at the last minute to give our customers the best, freshest options available that day. Plus our food costs are sky-high, as you probably understand from your own trips to the grocery store. We thank our parents and kids in advance for your ongoing understanding of this situation!
