Vision Specialist Lynnda Biek Wins UPSD Teacher of the Year Award

This year, UPSD's Teacher of the Year is vision specialist Lynnda Biek, who works in Special Education. Biek received the award in recognition of her exemplary service in working with the visually impaired students in the UPSD schools.

"Lynnda's selection acknowledges the importance of a non-traditional teaching assignment," said Andrew Eyres, director of Teaching and Learning. "Working with the visually impaired demands a commitment that extends far beyond the perceived job requirements."

Biek has been with UPSD for the past 12 years, and presently serves nine visually impaired students in the system. Her relationship with her students is intense and demanding, and unlike the classroom teacher's experience, extends well beyond a single school year. For example, she has been working with one of her high school students since kindergarten.

She must assess their individual and special needs, and then devise the necessary aid or assistance for each student to ensure their success in school. "It's a creative challenge every day," said Biek.

have learned from your parents and teachers and make decisions based on solid values.

What will your contribution be? Don't be satisfied with the status quo. You will make a difference in the world. And we will be proud of you.

It has been a pleasure and a privilege to know you, and we all wish you the best as you go forward and make an impact on the lives of others.

Angle

#3 Become a lifetime learner; adapting to change will be easier.

Finally, let me remind you of a responsibility you have. Throughout our history youth have provided the social conscience for our nation. Many times young people have become involved in events that changed our nation. It takes young people to see the inequalities in our society and to address them.

It has been an honor to teach and coach you. We wish you the best.

Malcolm Brown

once said, "A man who has never gone to school may steal from a freight car; but if he has a university education, he may steal the whole railroad." What he failed to mention was that stealing is illegal regardless of your education level. So you may want to think twice before accepting that advice.

It might feel like it's time to leave the nest but if this new healthcare bill passes, you can stay on your parent's health insurance until the age of 26.

I wish you all the best as we enter this next chapter in our lives. Thank you for the memories. Congratulations!

The Tacoma Rotary has a number of foreign exchange students seeking host families for the 2012-13 school year. Please contact Ken Baker for more information at 253-576-3764 or tmj129@comcast.net.

Continue to Grow

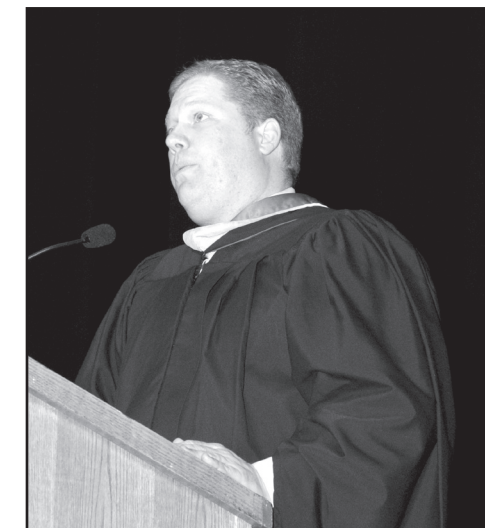

by David Hammond, Curtis High School principal

Seniors, as you accept your diplomas and head out into the world and as you watch your friends do the same, know that you are part of a special legacy.

For the last three years you have worked hard. Today, you embark on a new journey that will enable you to pursue your own passions and continue to grow. Along the way you will have many successes and failures, and an opportunity to build on what you have learned in the University Place schools.

At times you may feel alone and uncertain that you are going in the right direction. That is when you can rely on what you

Set Your Sights High

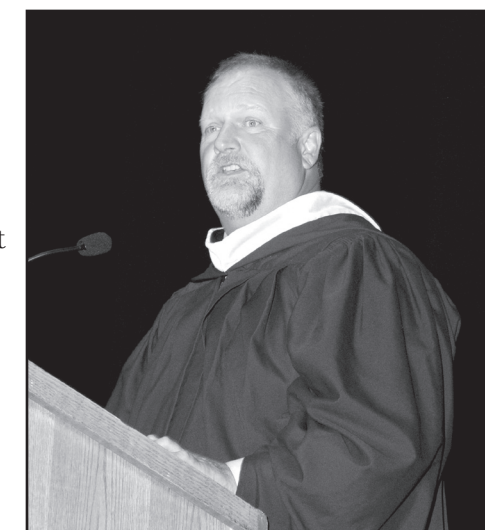

by Clay Angle, Curtis High School teacher and coach

It is on nights like this, when we have the opportunity to acknowledge the positive accomplishments of a fine group of young people, that I take great pride in being an educator.

This is the first of many steps. Your next steps will vary dramatically. Some of our graduates have concrete plans while others are uncertain.

I have three pieces of advice that I hope you will consider as you go forward. #1 Seek goals for which you have a passion and you'll be more likely to achieve them. #2 Set your goals high and the rewards will be greater.

Appreciate Your Family

by Malcolm Brown, senior class president

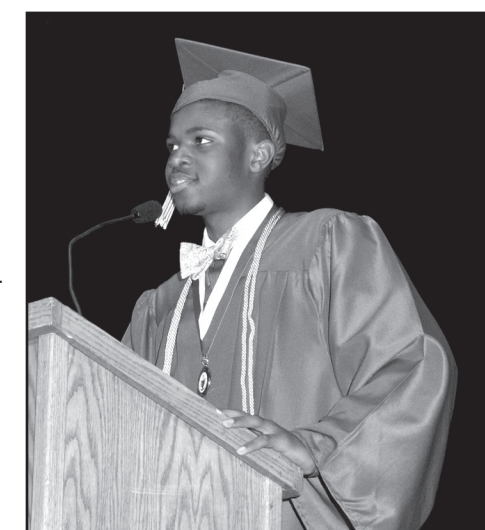

On behalf of myself and the entire senior class, I would like to thank our families for their constant support throughout this tumultuous time in our lives.

As we stand on the threshold of our future and celebrate our long awaited commencement, we can truly realize our accomplishment for the feat that it is. Not only have we made it to the end of our journey, but we have triumphed.

There is no question that we will be successful in our next endeavors, but I feel like I should say something you can take with you.

Former president Theodore Roosevelt
