

Student Incentives

The University Place School District Board of Directors recognizes that providing students with prizes or awards can serve as a meaningful incentive for increasing academic achievement, promoting civility, encouraging physical fitness, participating in extracurricular activities and for encouraging students to become responsible citizens, productive workers and lifelong learners.

Monies from the district's general fund may be used to provide student incentives to recognize student achievement or participation in district programs, and/or to recognize student achievement or participation in extracurricular programs and activities.

Associated Student Body (ASB) funds may only be used to provide student incentives to recognize student achievement or participation in extracurricular programs and activities.

The superintendent, or designee, is authorized to develop procedures to implement this policy.
