Cheryl Buell, Narrows View Math Teacher, Named Teacher of the Year

This year's University Place School District Teacher of the Year Award was presented to Cheryl Buell at a ceremony on June 6. According to Eric Brubaker, her principal, "Cheryl exemplifies every quality one would want in a teacher and colleague – an impressive work ethic, high expectations of her students, enthusiasm for her work, generosity, a great sense of humor, and a proven track record of high student performance in all measures of student progress." Buell has taught seventh grade math at Narrows View Intermediate School for the past eight years.

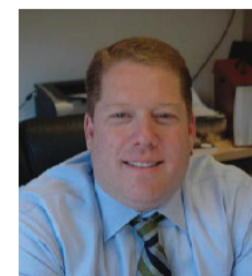

She turned to teaching after working at Washington Mutual, where she specialized in implementing large computer systems and staff training. She majored in business communications at the University of Washington,

and did her teacher certification work at City University in Tacoma when she turned to teaching. At Narrows View, she has been active in developing and implementing new math programs. She has also taught effective instructional strategies to other teachers in the UPSD system as well as the Fife and Peninsula systems.

Buell comes from a teaching family with many University Place associations. Her husband Brian teaches at Curtis High School, her daughters Taylor and Camryn attend Curtis High School and Curtis Junior High School respectively, and her sister, Laura Sloan, also teaches at Narrows View – and, coincidentally, received the Teacher of the Year Award three years ago.

UPSD Administrators Promoted to Regional Leadership Positions

David Hammond, Curtis High School principal, is leaving the University Place School District this summer to become assistant superintendent in the Bethel School District.

He began his tenure at Curtis eight years ago as associate principal, becoming principal the following year. He leaves Curtis with mixed emotions. "I love this place," he says. "The staff and students are second to none – I'll always be a Viking at heart."

"This is a place where I have been encouraged to grow professionally and enhance my leadership capacity in a culture conducive to continuous improvement. During my tenure, I have been fortunate to work with an outstanding group of administrators, not only at Curtis, but across the district."

After 11 years as principal at Evergreen Primary, **Lance Goodpaster** has accepted a position as assistant superintendent of the Franklin Pierce School District, beginning this summer. "This move was a hard decision for me," he says. "University Place is a wonderful school district and community. I am grateful to Patti Banks and the administrative staff for the opportunity to work here and the encouragement to grow professionally." Goodpaster says that in many ways UPSD will still be a big part of his life. His family will still live in University Place, his wife will continue to teach in the district, and he has two children attending school here, one at Curtis Junior High School and one at Curtis High School.

Dr. Andrew Eyres, after nine years with UPSD—first as assistant principal at Curtis High School, then serving the past six years as Executive Director of Teaching and Learning—has been selected as the new Assistant Superintendent for Teaching and Learning at Educational Service District (ESD) 113 in Tumwater. ESD 113 supports 70,000 students in 44 school districts across five counties. "While I am pursuing a new challenge, I will continue to be connected to the district in a parenting role," said Eyres. Recognizing that a move is necessary to be closer to his new position, it speaks to the belief he has in the academic quality of UPSD that he will keep his son in UPSD, entering fifth grade at Narrows View Intermediate.

"I feel fortunate to have worked with such an outstanding team of administrators, teachers, and support staff, all of whom are dedicated to excellence."

Curtis Graduation 2013

The class of 2013 is a special class; a class with whom Curtis teachers and staff are privileged to be associated, a class I am proud to present to the community at large. It has been a pleasure and privilege to know you, and we all wish you the best as you impact the lives of others.

David Hammond
Principal

This rite of passage...marks the completion of the state-required or compulsory part of your education. As you commence into the next stage, your choices will be more independent, with less input from parents and teachers. You will be in many cases the captain of your own ship.

Bob Robinson
History Teacher

Everyone has had an entirely different journey coming here. So OWN it, and don't let other people underestimate who you are and what you have experienced. Thank you for making my high school experience wonderful. Congratulations, and may the odds be ever in your favor.

Jiwon Choe
