Relationship Compact Between UPEA and UPSD

The purpose of this compact between UPSD and UPEA on behalf of their constituencies is to formalize a relationship that will survive the differences in interest, endure changes in leadership, extend beyond legal and contractual requirements.

This relationship will be based on the following principles:

We agree that an interest-based approach shall be used as the basis for both specific problem-solving activities and contractual negotiations between the parties.

We recognize that each group and individual has equal rights to seek the accommodation of their respective interests and to actively advocate for those interests.

We understand and accept that a high degree of trust is essential to a successful relationship. To this end, we will focus on increasing and maintaining our own trustworthiness as individuals and organizations.

We will seek to persuade rather than coerce. The use of coercion is destructive to our relationship and lessens the commitment to our agreements. We will be open to persuasion at all times in order to avoid reliance on the use of power.

We believe in open and inclusive communications. We will seek to listen actively and communicate directly. We will always consult before deciding on matters which may have a major impact on the other party.

We will recognize individual and organizational emotions and deal with them directly and rationally. We will avoid reacting emotionally and taking actions that detract from our relationships.

We affirm our commitment to these principles but acknowledge that we may make mistakes. We resolve to learn and improve.

- 3.2.5 Employees shall encourage and support school functions outside the regular instructional program. School wide supervision and control shall be shared equitably by all staff members within the constraints of this agreement. Certificated employees assigned to supervision outside the contract day shall be compensated at the professional rate.
- 3.2.6 No teacher in the junior and senior high schools shall be assigned more than three (3) preparations per semester unless the area in which he/she teaches does not provide full-time employment without additional preparations.
- 3.2.7 Itinerant teachers' schedules shall include sufficient travel time, including walking between their modes of transportation and their assigned places of duty, when traveling from one assignment location to another.
- 3.2.8 Teachers in grades 8-12 who teach a zero or seventh-hour class or part-time P-12 teachers who are expected to attend all portions of PLC meetings on Early Release days will be compensated at their per diem rate for time beyond their contracted day but during normal contractual hours for 1.0 FTE teachers.

- A. The day before winter break shall be a one-half (½) day for students; all certificated employees may leave one-half (½) hour after the student dismissal time.
- B. The last day of school shall be a one-half (½) day for students; all certificated staff may leave one hour and 15 minutes after the student dismissal time.

3.3.3 Any additional snow days will be added to the end of the school year unless a waiver is granted by the OSPI.

3.3.4 Any early dismissal from school for grades P-12 shall be at the discretion of the District, past practices notwithstanding. Any such time missed will not be made up unless required by law.

3.3.5 In the event that it becomes necessary to close school(s) because of inclement weather or other acts of nature, the District will use all available means to notify all constituents by 5:30 a.m. This provision does not preclude the District from closing the school(s) in the event an emergency develops following 5:30 a.m., if further evaluation of developing hazardous conditions warrants closure.

3.3.6 When the District delays the opening of a school or schools, certificated employees must report 30 minutes before the revised time that students are scheduled to arrive. When a school or schools are closed early, employees will be released after the students have left the building grounds. If an emergency exists at another school, volunteers may be sought.

3.3.7 Parent/Teacher conferences for primary and intermediate students will be scheduled for the last week of October (5 days).

Section 4 – Employee Staff Reduction

3.4.1 In the event the District adopts a reduced education program by reason of financial necessity, including, but not limited to, levy failure or decreased state support, certificated employees who will be retained to implement the District's reduced or modified program and those certificated employees who will be laid off from employment or adversely affected in contract status will be identified by using the following procedures:

- A. The term "layoff" as used herein refers to action by the District, above attrition, and due to the following reasons:
 - 1. Staff reduction necessitated by enrollment decline.
 - 2. Failure of a special levy election or other events resulting in a significant reduction of revenue.
 - 3. Discontinuation of a position(s), including those resulting from termination or reduction of funding or categorically funded project.
- B. Layoffs of certificated employees with valid contracts shall not be made during the school year. All layoffs shall commence at the end of the school year.
- C. The District shall make an effort to secure additional funding.

3.4.2 Procedures

- A. The District will determine, as accurately as possible, the total number of certificated staff known as of the second Friday in February leaving the District for reasons of retirement, family transfer, normal resignations, leaves, discharge or non-renewal, etc.
- B. The Board of Directors shall determine which positions will be eliminated.
- C. All employees will be placed on all category lists for which they qualify. Categories will be defined by certification and/or endorsements. Employees will be ranked on each category list by seniority. Seniority is defined as the number of years of certificated experience as reported to SPI on the S-275 report. Seniority on the S-275 includes the total number of years teaching in state or out of state where a state certificate is required. See Appendix I for list of certificates/endorsements.
- D. All transfer language remains in effect unless the transfer negatively impacts the recall of staff in the re-employment pool (3.4.3). At the point of exclusion of a candidate in the re-employment pool, the transfer process will be stopped.
- E. Displaced employees will be reassigned to positions for which they are qualified unless there are no such positions held by employees with less seniority. If there is no such position open, the employee impacted will be laid off and placed in the re-employment pool.

Qualification for a position is predicated upon holding the proper certification and/or endorsement.

In the event of a tie in deciding retention based upon seniority and qualification, preference will be given to the most recent experience in the given area of the program.

Transfers necessary in these situations will be consistent with contract language pertaining to voluntary and involuntary transfers.

- F. Certificated employees shall be retained in available positions within the categories or specialties to which they qualify under Section 3.4.2(C) hereof. In the event that there are more qualified employees than available positions in a given category or specialty, the following criteria shall be used to determine which employee is retained:

Within such category or specialty the employee(s) having the greater seniority shall be retained. In the event ties exist, the employee(s) having the highest number of college or university credits beyond the B.A. degree as recorded in the personnel office at the beginning of the current school year shall be retained. If ties remain, employees shall be ranked within their category according to the length of time they have taught in their present teaching position. If ties remain, the employee(s) to be retained shall be determined by drawing lots among the employees who tie.

- G. The provisions of this section above shall be implemented on or before May 15 of the school year prior to the school year in which any staff reductions may be necessary.

3.4.3 Re-Employment Pool

- A. All certificated employees who are not retained in accordance with these procedures shall be laid off from employment and placed in a re-employment pool for possible re-employment for a period of up to twenty-four (24) months after the expiration of the employee's current contract. Re-employment pool personnel will be offered open positions within the categories or

specialties identified in Section 4 for which they are qualified under 3.4.2(C). It is the intention, when possible, to place returning RIFed employees to their previous position. If more than one such employee is qualified for an open position, the criteria set forth in paragraph 3.4.2(E) shall be applied in reverse order to determine who shall be offered such position.

- B. It shall be the responsibility of each certificated employee placed in the re-employment pool to notify the Superintendent or his/her designee in writing by May 1st of the subsequent two years if such employee wishes to remain in the re-employment pool. If such notification is not received, the name of any such certificated employee shall be dropped from the re-employment pool.
- C. When a vacancy occurs for which a person in the re-employment pool qualifies, notification from the school district to such individual will be by certified mail or personal delivery. Such individual will have seven (7) calendar days from the receipt of the letter to accept the position. If any individual fails to accept a position offered, such individual will be dropped from the re-employment pool.
- D. It is recognized that certificated employees of the District holding current administrative or supervisory positions and not included in the bargaining unit covered by this agreement will be placed at the bottom of the re-employment pool in all categories for which they qualify.

Section 5 – Personnel Files

- 3.5.1 Each employee shall have the right to review, upon request and at reasonable times, the contents of his/her own personnel file maintained at the District Office. The review shall be made in the presence of the administrator responsible for the safekeeping of the files. Upon request, a copy of the documents contained therein shall be afforded the employee at the District's expense and not more than once per year. Such file shall be the only official personnel file.
- 3.5.2 The employee shall have the right to attach a written comment to any derogatory material in the file.
- 3.5.3 Any derogatory references to an employee's competence, character or manner that could form the basis of a disciplinary action shall not be placed in the personnel file without the employee's knowledge. The employee shall initial such references to show he/she is aware of it.
- 3.5.4 A signature does not necessarily mean agreement with the contents of the document. It merely indicates receipt of the document.

An employee may request that the District remove a disciplinary record older than two (2) years from the employee's personnel file. The Superintendent or designee will meet with the employee and his or her representative prior to making a decision whether to expunge the record. In deciding whether to expunge the record, the Superintendent or designee will consider such factors as legality of removing the record, severity of discipline incident, length of time since the disciplinary incident, and any additional discipline incurred by the employee.

- 3.5.5 An evaluator's working file as a general parameter may have prior evaluations and performance related materials for two years. Administrators will review working files and remove contents that are more than two years old and for which there has been no recurrence.

If an employee leaves the District, the working file will be destroyed.

If an Administrator leaves the building or District, the working files will be cleared consistent with this section.

Section 6 – Student Discipline

3.6.1 The District and employees shall use best practices to maintain order and protect the safety and well-being of students in their charge when those actions are in compliance with law and district policy. The building administrator shall meet with employees annually by September 30 to review district and school-wide Positive Behavior Intervention Support (PBIS) practices and student discipline standards in accordance with applicable laws and district policies. Such review will include certificated employee/administrative responsibilities, building disciplinary standards, procedures for student removal and district policies on disciplinary procedures. Additionally, building administrators will collaborate with staff to review and/or make recommendations regarding building disciplinary standards and procedures.

3.6.2 Each employee shall comply with District and building rules and guidelines relating to discipline of students. Each employee shall be entitled to appropriate and timely assistance, support and enforcement from building and/or program administrators in connection with student discipline problems impacting that employee.

Prior to a student being excluded from a classroom for a violation of disciplinary standards, the teacher must first attempt one or more alternative forms of corrective action, except in emergency circumstances as defined in WAC 392-400-330. When a classroom exclusion is administered, the teacher, administrator, or designee must notify the student's parents (family), as soon as reasonably possible (WAC 392-400-335).

Per RCW 28A.600.020, a student may be excluded from their classroom by the teacher and may be returned to the classroom after the teacher and an administrator confer. Confer shall be defined as two-way communication between the teacher and administrator that includes a review of the student's behavior violation and any support that will be provided to the student and/or teacher. This communication shall occur away from other students and be captured in writing.

3.6.3 Any student misconduct which warrants administrative disciplinary action shall be documented in writing by the employee, using the established referral form, specifying date(s) of occurrence, specific act(s), and requested action. It is expected that employees and building administrators will work together to resolve serious discipline problems. To this end, employees who provide the administration with a complete, formal, written referral shall receive written response by the end of the following work day with regard to the administrative action taken.

In some emergency circumstances, teachers may opt to do a "room clear" (removing the other students from the room) instead of administering a classroom exclusion for the student with the behavioral violation. Whenever possible, other intervention strategies will be used prior to clearing the classroom. It shall be the responsibility of the administrator to notify parents of students impacted when appropriate to do so.

3.6.4 If there are unresolved student discipline concerns, the staff member will discuss the issues with an administrator.

3.6.5 When an employee is the victim of a serious physical attack by a student or when an explicit threat of violence is made against an employee by a student, building and/or district administrators will work with the employee and other employees, as appropriate, to develop a safety and or behavior plan for the student. In addition, the team will consider the placement of the student, possible teacher/schedule changes or other actions appropriate to the situation.

3.6.6 The district will compensate up to \$350 to employees for the replacement cost of damaged or destroyed personal property when such damage is the direct result of a student attack (e.g. broken

glasses, torn clothing). The employee will be required to submit proof of replacement purchase (Appendix M).

- 3.6.7 The district will make every effort to assign class coverage for self-contained special education classes with students who have specific behavioral needs to staff who are appropriately trained to work with the student needs. Appropriate support, training and necessary resources will be provided to any staff who are regularly responsible for the supervision of students with behavioral needs.

Section 7 – Assignments, Transfers and Vacancies

3.7.1 Intent

The intent of this section supports selections of the best possible candidate for a position using our staff-involvement process. Those involved will consider team/program needs in developing qualifications (incorporate in position analysis/job announcement) as stated in 3.7.5.

A further intent of this section is to facilitate requests for changes in teaching positions within the District prior to advertising to out-of-District applicants.

The district and association agree that it is in the best interest of both parties to post and hire open positions promptly. To that end, both parties agree that collecting this information will allow the district to fill positions as early as possible. Each certificated employee shall notify the district of their intent to return to their current position in the following year on or before the second Friday in February. The district will send a formal request for this information on or before February 1st, annually. At the same time, each certificated employee will be given an opportunity to express interest in other certificated positions at their current school site or elsewhere in the district. Employees may indicate interest in both open positions and positions not currently open or posted.

Intent to return forms shall reflect the anticipated step and column placement for the coming school year and a request for updated transcripts or records, as necessary.

Any certificated employee who resigns from employment on or before the last student day of each school year shall be released from their contract.

3.7.2 Assignments

Employees shall be assigned in accordance with the laws, rules and regulations of the state of Washington. Employees shall not be assigned to subjects, grades and/or other classes outside of their areas of certification without good cause.

In the event it becomes necessary to reassign employees after the end of the school year, the District shall inform the affected employee. In the event an employee is unavailable, said employee will be informed as soon as possible upon his/her return.

The Director of Teaching and Learning and/or Executive Director of Special Services will meet with itinerant staff each spring to discuss building assignments for the following school year, taking into account the continuity of teams and services at each school.

The workload associated with SAS students will be considered at this meeting.

Caseload in excess of the above levels will be addressed according to the process outlined in 6.4.2.

6.4.5 Class size numbers will be provided to the Association President by the third week of each term.

8.12.8 The evaluation conference instrument shall be finalized only after the required observations and conferences have been completed.

8.12.9 A conference between the evaluator and the certificated support personnel must be held prior to distributing copies to the personnel file. The purpose of this conference should be for communication and for signing the evaluation instrument.

8.12.10 The evaluation process must be conducted in accordance with RCW 28A.405.100 and WAC 392-191 and WAC 392-192. Forms that further define the evaluation process are included in Appendix H.

Section 13 – Professional Growth Option (PGO)

8.13.1 Eligibility

- A. Newly certificated support personnel must have "meets expectations" on all criteria for four (4) years of summative evaluation.
- B. Experienced certificated support personnel new to University Place School District must have "meets expectations" on summative evaluations for the first two (2) consecutive years of employment in University Place School District.
- C. Veteran certificated support personnel within the District eligible for the short form are eligible for the Professional Growth Option (PGO).
- D. All certificated support personnel must have a summative evaluation at least once every three (3) years.
- E. If performance deficiencies in the evaluation criteria become apparent during the Professional Growth Option (PGO) year, the supervisor must decide whether to return the employee to the summative evaluation process the subsequent year.

8.13.2 A list of all certificated support personnel who are on Professional Growth Option (PGO) must be submitted by the supervisor to the director of personnel by May 15. The supervisor and employee must collaboratively develop a professional growth plan to be written by the following September 30. The supervisor and certificated support personnel will meet for a mid-year review by January 31. A final form verifying completion of a Professional Growth plan will be filled out and placed in the personnel file by the following May 15.

8.13.3 The certificated support personnel and his/her supervisor shall mutually agree upon an evaluator to include but not be limited to, peer evaluation, grade level, site based team, parents and students, etc.

8.13.4 Certificated support personnel shall be reimbursed up to a maximum of fifty (\$50) dollars for reimbursement of expenses accrued in implementing their approved PGO Plan. Such expenses shall include mileage, training fees, and the cost of books, supplies, and materials. Claims for expenses shall have receipts, where applicable. The District shall supply fifty (50) percent of the PGO fund, and the Association shall supply fifty (50) percent of the PGO fund. The Association shall administer and be in control of the program and will bill the district for 50% of the total requested, not to exceed \$1250.

- 8.13.5 The Professional Growth Option (PGO) process may not be used as a basis for determining that a certificated support personnel's performance is not satisfactory or as a reference for subsequent evaluations. Professional Growth Option (PGO) fosters innovation and risk taking; therefore supervisors shall not remove certificated support personnel from the Professional Growth Option (PGO) process for taking the risk of professional growth and failing.
- 8.13.6 Supervisors and certificated support personnel may commit to the use of the Professional Growth Option (PGO) process for one school year. At the conclusion of the year, each party must agree to continue the Professional Growth Option (PGO) process for one (1) more year or return to the summative or short form process.
- 8.13.7 In accordance with law, no negative remarks will be put on the completion form.

ARTICLE IX – PROBATION OF CERTIFICATED TEACHERS AND CERTIFICATED SUPPORT PERSONNEL

Section 1 – Probation – Non Provisional Employees

- 9.1.1 General. The probationary procedures as set forth herein shall provide a certificated employee with opportunity to demonstrate improvement in his/her areas of deficiency and offer the employee assistance through counseling and other resources as may be utilized in the improvement of performance. The probationary period shall be a period of sixty (60) school days commencing at any time after October 15th. If the supervisor contemplates recommending that a certificated employee be placed on probation, an evaluation shall be made before the commencement of the probationary period.
- 9.1.2 Advisory Conference. Prior to recommending a certificated employee to be placed on probation, the employee's supervisor shall confer with the employee to review the reasons probation may or will be recommended for that employee. An employee may request Association representation.
- 9.1.3 Supervisor's Report. In the event that a principal or other supervisor determines, on the basis of the evaluation criteria, that the performance of a certificated employee under his or her supervision is unsatisfactory and that probation must be recommended, the supervisor shall report the same in writing to the Superintendent. The report shall include the following:
- A. The evaluation.
 - B. A set of expectations delineating what levels of performance would constitute acceptable performance in the problem areas defined.
 - C. A recommended specific and reasonable program designed to assist the certificated employee in improving his or her performance.
- 9.1.4 Establishment of Probationary Period. If the Superintendent concurs with a supervisor's judgment that the performance of a certificated employee is unsatisfactory, the Superintendent shall place said employee in a probationary status. Said employee shall be given written notice of the action of the Superintendent which notice shall contain the following information:
- A. Specific areas of performance deficiencies.
 - B. A set of expectations delineating what levels of performance would constitute acceptable performance in the problem areas defined.

- C. A suggested specific and reasonable program for improvement.
- D. A statement indicating the duration of the probationary period and that the purpose of the probationary period is to give the employee the opportunity to demonstrate improvement in his or her area or areas of deficiency.

9.1.5 Supervision During the Probationary Period.

- A. Following the delivery of a probationary letter, and prior to the first twice monthly meeting (See 9.1.5 C) the principal or other supervisor and the probationary employee shall meet to discuss performance deficiencies, expected levels of performance, and the remedial measures to be taken. During the period of probation, the employee may not be transferred from the supervision of the original evaluator. When appropriate in the judgment of the supervisor, the supervisor may authorize one additional evaluator to evaluate the probationer and to aid the employee in improving his or her areas of deficiency, provided that such additional evaluator shall not be a member of the bargaining unit.
- B. When appropriate in the judgment of the supervisor, the supervisor may also authorize another certificated employee to aid the employee in improving his/her areas of deficiency. Any information obtained in this manner shall not be used or part of the employee's formal evaluation.
- C. During the probationary period the principal, supervisor or other evaluator shall meet with the probationary employee at least twice monthly to supervise and make a written evaluation of the progress, if any, made by the probationary employee.
- D. The probationary employee may be removed from probation at any time if he or she has demonstrated improvement to the satisfaction of the principal or other supervisor in those areas specifically detailed in his or her notice of probation.

9.1.6 Supervisor's Post-Probation Report. Unless the probationary employee has previously been removed from probation, the principal or other supervisor shall submit a written report to the Superintendent at the end of the probationary period which shall identify whether the performance of the probationary employee has improved and which shall set forth one of the following recommendations for further action:

- A. That the employee has demonstrated sufficient improvement in the stated areas of deficiency to justify the removal of the probationary status; or
- B. That the employee has demonstrated sufficient improvement in the stated areas of deficiency to justify the removal of the probationary status if accompanied by a letter identifying the areas of deficiency where further improvement is required; or
- C. That the employee has not demonstrated sufficient improvement in the stated areas of deficiency and actions should be taken to non-renew the employee contract of the employee.

9.1.7 Non-renewal. In the event the Superintendent determines that the employment contract of a certificated employee should not be renewed for the next term, such employee shall be notified in writing on or before May 15. Such notification shall state the reasons for determination. Procedures to be followed shall be as provided by law. (28A.405.100 and/or other applicable RCW's)

- 9.1.8 Immediately following the completion of a probationary period that does not produce performance changes detailed in the initial notice of deficiencies and improvement program, the employee may be removed from his or her assignment and placed into an alternative assignment for the remainder of the school year. This reassignment may not displace another employee nor may it adversely affect the probationary employee's compensation or benefits for the remainder of the employee's contract year. If such reassignment is not possible, the district may, at its option, place the employee on paid leave for the balance of the contract term.

Section 2 – Provisional Employees

- 9.2.1 The Association and District agree that evaluators of employees defined as provisional employees under the provisions of RCW 28A.405.220 (... every person employed by a school district in a teaching or other non-supervisory certificated position shall be subject to nonrenewal of employment contract as provided in this section during the first three years of employment by such district, unless the employee has previously completed at least two years of certificated employment in another school district in the state of Washington, in which case the employee shall be subject to nonrenewal of employment contract pursuant to this section during the first year of employment with the new district) and are identified as having performance problems will be able to demonstrate that:
1. The employee has clear and specific feedback on any/all areas of concern.
 2. The employee has received indicators that if achieved will demonstrate the improvement required.
 3. The employee has received reasonable resources to assist in improving areas of concern.
 4. The employee has had a reasonable time frame in which to demonstrate improvement.

ARTICLE X - GRIEVANCE PROCEDURES

- 10.1.1 For the purpose of this agreement, a grievance is defined as alleged violation, misinterpretation or misapplication of a specific provision of this agreement.
- A "grievant" shall mean an employee or group of employees or the Association filing a grievance.
- 10.1.2 Effort shall be made to settle grievances at the lowest possible level of the grievance procedure. The aggrieved employee shall first promptly attempt to resolve the grievance informally between the employee and his or her principal or immediate administrator.
- 10.1.3 Grievances will be processed in the following manner and within the stated time limits. Grievance hearings will be held at reasonable times and places that do not conflict with the working day. Grievances not pursued to the next step within the time limitations set forth shall be deemed waived and become null and void. Grievances not responded to by the district within the time limits set forth will automatically proceed to the next step of the grievance procedure.
- 10.1.4 Step 1 of the formal procedure.
If, according to the employee, the grievance is not resolved informally, it shall be reduced to writing by the employee on the appropriate grievance form and shall be submitted by the employee to the principal or immediate administrator within thirty (30) calendar days after the facts upon which the grievance is based first occur or first became known to the employee. The principal or immediate administrator shall endeavor to properly resolve the matter and shall reply in writing to the employee within ten calendar days after receipt of the written grievance.

If the employee feels the grievance is still not resolved, he/she may refer the matter to Step 2 of the formal grievance procedure.

Step 2

If the employee feels the grievance is still not resolved and the employee wishes to appeal the grievance further, he or she may refer the matter in writing to the Superintendent within ten (10) calendar days after receiving the principal's or immediate administrator's written answer. The Superintendent or his/her representative shall review the matter, arrange for necessary discussion with the grievant, and give written answer to the employee no later than ten (10) calendar days after the receipt of the written grievance.

Step 3

In the event the grievant is unsatisfied with the disposition of the grievance at the conclusion of step two, said grievant may refer the matter to arbitration as provided below:

If the grievant is unsatisfied with the disposition in step two of the grievance procedure, the grievant may, within ten (10) calendar days, and only with the consent of the Association, submit the matter to arbitration.

The Association and the Superintendent may agree to an alternative dispute resolution process provided such agreement is in writing and mutually signed by the Association President and the Superintendent. Failure of the alternative shall not prevent the Association from submitting the grievance to arbitration. Timelines may be extended by mutual agreement.

Any grievance relating to interpretation or application of the specific provision(s) of the Agreement may be submitted to arbitration unless excluded by the other provisions of the Agreement of this Article.

10.1.5 Arbitration

- A. To effectuate arbitration, the Association shall request within the ten (10) calendar days a list of seven arbitrators from the American Arbitration Association or Federal Mediation and Conciliation Service. Upon receipt of the list of arbitrators, representatives of the District and the Association shall, within ten (10) calendar days, meet to select an arbitrator from said list. The selection shall be made by alternately removing one name at a time from the list. The choice of first removal shall be determined by one flip of a coin. The remaining name, after each party has eliminated three (3), shall be the arbitrator.
- B. Any challenge to the arbitrability of a grievance shall be resolved prior to arbitration of the merits of the grievance, in a separate arbitration proceeding held solely to determine arbitrability. Such proceeding shall be subject to all of the provisions of Section 9.1.5, except that the losing party shall pay the costs of the arbitration.
- C. The arbitrator shall begin hearings within thirty (30) calendar days following his/her appointment.
- D. The arbitrator shall render a decision within thirty (30) calendar days following the conclusion of the arbitration hearing or submission of post hearing briefs. The parties shall have fifteen (15) calendar days following the last date of hearings to submit such briefs. The arbitrator's decision shall be in writing and will set forth his findings of fact, reasoning and conclusions on the issues submitted to him.
- E. The decision of the arbitrator shall be final and binding upon the District, the Association and the affected employee(s).

- F. The costs of the arbitration and, if requested by arbitrator, hearing room, transcripts, etc., shall be shared equally by the District and the Association. All other expenses shall be borne by the party incurring them, and neither party shall be responsible for the witnesses called by the other except that should the investigation or processing of any grievance and/or arbitration require an employee to be released from a regular assignment, the Association shall compensate the District for any substitute required by an official Association request for such release.
- G. The arbitrator shall not add to, subtract from, disregard, or alter any terms of this agreement. The arbitrator shall not make any decision which requires the commission of an act prohibited by law.
- H. The arbitrator shall have no authority or power to rule on any of the following:
 - 1. The termination of services or failure to re-employ any employee to a position on the supplementary salary or extra pay schedule.
 - 2. Any matter involving regular employee evaluation, provided that any failure to comply with evaluation procedure as set forth in Article 5 shall be subject to the arbitrator's authority.
 - 3. Any matter specifically excluded in any other provision of this agreement.
- I. Any matter not referenced in (H) above and which has an alternate form of resolution may be utilized by an employee in place of arbitration, but in no case will arbitration be allowed or utilized in addition to alternative remedies.

10.1.6 The aggrieved employee shall have the right to have an Association representative present during the formal discussion in Step 1 and Step 2. Such discussion shall not interfere with the employee's normal duties.

10.1.7 In the event there is an alleged violation or misapplication of the Agreement which affects an Association right but not an individual or group of employees, the Association shall have the right to grieve, in written form, directly to the Superintendent at Step 2 which may also continue to Step 3 as above.

10.1.8 Nothing contained herein shall be construed to prevent any employee from processing his/her own grievance without Association representation. However, the Association shall have the right to be present at any formal step and make its views known.

10.1.9 No Reprisals. There shall be no threats or reprisals of any kind by the Association or its members against any employee who does not wish to file a grievance or settle a grievance or who appears as a witness or gives testimony in the grievance procedure. There shall be no threats or reprisals of any kind by the District against any party due to his/her involvement in the grievance procedure.

10.1.10 Separate Files. All documents, communications and records dealing with processing of a grievance shall be filed separately and not in the individual's personnel file.

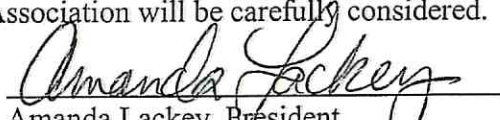

10.1.11 Cooperation of Board and Administration. The Board and Administration will cooperate with the Association in its investigation of any grievance; and further, will furnish the Association such information as is required for the processing of any grievance.

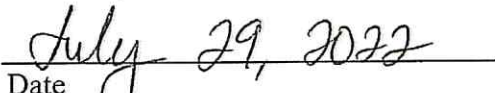

10.1.12 Release Time. Association leave may be used for the investigation or processing of any grievance.

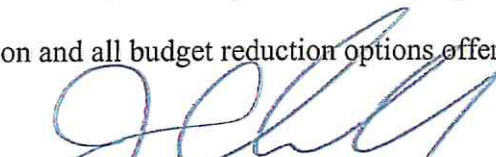

10.1.13 Grievance Forms. The form for filing grievances is attached to this Agreement. (Appendix J)

ARTICLE XI - DURATION

- 11.1.1 This agreement and any subsequent amendment to it shall become effective upon ratification first by the Association and then by the District. It shall thereafter be executed by the authorized representatives thereof.
- 11.1.2 This agreement shall remain in full force and effect from September 1, 2022 to August 31, 2024.
- 11.1.3 The District and Association are committed to a process of cooperation and collaboration in addressing issues of interest to either party as those issues arise. Either party may, therefore, bring an issue or interest to labor management meetings at any time. Such issue or interest will be addressed pursuant to the Interest-Based Process.
- 11.1.4 Either party may terminate Section 11.1.3 above upon sixty (60) days written notice. If such notice is given, the parties will meet and explore the reasons therefore and will attempt to resolve any conflicts, issues, or other matter which precipitated the notice.
- 11.1.5 Recognizing program changes are a District decision, the Association will have authentic participation and a significant voice in collaborative discussions of potential district budget reductions. In the event the Legislature substantially reduces District funds or there is any major financial setback to the District (e.g. substantial enrollment decline, failure to pass the Enrichment Levy, loss of Local Effect Assistance (LEA) funding, etc.), this Agreement shall be subject to reopening for the purpose of bargaining on the various monetary items included herein, at the request of either party.
- 11.1.6 In the event the Legislature increases District funds for the purpose of employee salaries or there is any financial increase to the District, this Agreement shall be subject to reopening for the purpose of bargaining on the various monetary items included herein, at the request of either party.
- 11.1.7 All budget data will be shared with the Association and all budget reduction options offered by the Association will be carefully considered.

Just Cause - Seven Key Tests

The basic elements of just cause, which different arbitrators have emphasized, have been reduced by Arbitrator Carrol R. Daugherty to seven tests. These tests, in the form of questions, represent the most specifically articulated analysis of the just cause standard as well as an extremely practical approach.

A “no” answer to one or more of the questions may mean that just cause either was not satisfied or at least was seriously weakened in that some arbitrary, capricious or discriminatory element was present.

Notice: “Did the employer give to the employee forewarning or foreknowledge of the possible or probable consequences of the employee’s disciplinary conduct?”

Reasonable Rule or Order: ‘Was the employer’s rules or managerial order reasonably related to a) the orderly, efficient, and safe operation of the employer’s business and b) the performance that the employer might properly expect of the employee?’

Investigation: “Did the employer before administering the discipline to an employee, make an effort to discover whether the employee did in fact violate or disobey a rule or order of management?”

Fair Investigation: “Was the employer’s investigation conducted fairly and objectively?”

Proof: “At the investigation, did the ‘judge’ obtain substantial evidence or proof that the employee was guilty as charged?”

Equal Treatment: “Has the employer applied its rules, orders, and penalties even-handedly and without discrimination to all employees?”

Penalty: “Was the degree of discipline administered by the employer in a particular case reasonably related to the following?”

- a) the seriousness of the employee’s proven offense, and
- b) the record of the employee in his service with the Employer?”
