

Transitional Bilingual or English Language Learner Instruction Program

The UPSD Board of Directors is highly committed to ensuring an equal educational opportunity for every student. While English is the basic language of instruction in the district's schools, the district will provide a transitional bilingual or English Language Learner (ELL) instruction program for children whose primary language is not English, and whose English skills are sufficiently deficient or absent to impair learning. In cases where the use of two languages is not practicable, appropriate instruction for English language learners may be provided primarily in English. The district's English Language Learner instruction program is designed to enable students to achieve competency in English. Annually, the board of directors will approve the district's English Language Learner instruction program.

The district and its staff will:

- A. Communicate, whenever feasible, with parents of English language learners in a language they can understand;
- B. Assess and determine, by means of a state approved placement test, student eligibility within 10 days of enrollment and attendance;
- C. Annually assess, by means of the state approved test, improvement in English language proficiency for each eligible English language learner;
- D. Provide professional development training for administrators, teachers, counselors and other staff on the district's ELL instruction program, appropriate use of instructional strategies and assessment results, and curriculum and instructional materials for use with culturally and linguistically diverse students; and
- E. Provide for continuous improvement and evaluation of the district's program to determine its effectiveness.

For purposes of providing such services, the superintendent will establish procedures for implementing the district's ELL Instruction Program.
