Policy: 4040 Section: 4000 - Community Relations

Public Access to District Records

The Board is committed to providing the public full access to records concerning the administration and operations of the District consistent with Washington State law. As codified in Chamber 42.56 RCW Public Records Act. This policy and the accompanying procedure are intended to facilitate access to school district records without compromising operational efficiency or privacy rights.

As used in this policy and the accompanying procedure, "school district records" includes any writing containing information relating to the conduct of the District or the performance of any District governmental or proprietary function prepared, owned, used, or retained by the District regardless of physical form or characteristics. A "writing" as used in this policy and procedure means any handwriting, typewriting, printing, photocopying, photographing, or other means of recording any form of communication or representation. Included within these definitions are digital and electronic forms of communication, including emails, texts or messages through any medium or application, pages, postings and comments from any District-operated or District-sponsored website. The District will retain public records in compliance with state law and regulations.

The Board has declared by formal resolution that trying to maintain a current index of all of the District's records would be impracticable, unduly burdensome, and ultimately interfere with the operational work of the District.

The Superintendent will develop procedures consistent with state law that will facilitate this policy. The Superintendent will also appoint a Public Records Officer who will serve as a point of contact for members of the public who request the disclosure of public records. The Public Records Officer will be trained in the laws and regulations governing the retention and disclosure of records, and shall oversee the District's compliance with this policy and state law.
